

Erin McBride

Austin, TX 78704

rmcbride2121@gmail.com

I am a student at Austin Coding Academy pursuing a certificate in full-stack web development. I am proficient in HTML, CSS, and JavaScript. I am also currently building a website on SquareSpace using custom code for Zengistics, a logistical broker.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Website Implementation Specialist

Digital Pharmacist, Inc - Austin, TX

August 2019 to Present

As a member of the build team, I use templates to build and deploy high-quality websites for clients, activate clients' mobile apps, dashboards, and e-newsletters using an in-house system. I commonly use HTML, CSS, Photoshop and Illustrator to accomplish these tasks.

The team produces high-quality products according to standards set out in the QA guidelines, completes account updates, and provides website edits as requested by clients.

Master Data Associate/Web Designer

Zengistics - Austin, TX

January 2019 to Present

At Zengistics, I am a member of the master data team. We are a three-person team that works to make all data in Turvo and other systems is populated and accurate, audits and creates new data when needed and solves IT tickets through Zendesk.

After learning of my pursuit if a certificate in web development, my manager temporarily removed me from the Master Data team in order to work full time on building a new website for Zengistics. We are using a template on SquareSpace, and adding custom CSS and JavaScript.

Web Editor (Contract)

Dell Medical School - Austin, TX

April 2018 to December 2018

At UT, I was brought on to help build out the directory for Dell Medical School's new website. This was a directory of more than 1500 employees that needed everything from names, titles, contact information and biographies edited and added to their respective profiles.

After my brief time as Dell Med's web publisher, I was brought on as the web editor of the communications team for a six-month contract. In this role, I performed content management, SEO maintenance and image editing tasks.

Contractor

Addison Group - Herndon, VA
July 2016 to December 2017

While working for Addison Group, I held two positions: Registrar Services Specialist at Strayer University, and IT Data Analyst at Farm Credit Bank of Texas.

At Strayer, I was a member of the registrar office. My team was responsible for inspecting all applicant's transcripts and identification to confirm that students met the requirements for basis of admission.

After moving to Austin, Addison Group helped me find a temporary position at Farm Credit Bank of Texas. I ran daily audits of all user access to the compies web applications and submitted my reports to the director of IT compliance.

Education

Certificate in Full-Stack JavaScript

Austin Coding Academy - Austin, TX
January 2019 to Present
